Task Summary

Actions you were required to perform:

✔ View log files using journald   **Show Details**

Explanation

In this lab, your task is to view the system logs using the **journalctl** command with the option that:

- Displays the kernel message log from the current boot.
- Displays the system log in reverse order with the newest entries first.

Complete this lab as follows:

1. At the prompt, type **journalctl -k** and press **Enter**.
2. Type **q** to quit.
3. Type **journalctl -r** and press **Enter**.
