Task Summary

Actions you were required to perform:

✔ Create the /home/wadams/wh directory

✔ Create the /home/wadams/wh/plan directory

✔ Create the /home/wadams/wh/research directory

✔ Create the /home/wadams/wh/implement directory

Explanation

In this lab, your task is to create the following directories inside the /home directory for wadams as follows:

Create a directory called **wh** directly inside /home/wadams.
Create the following directories in /home/wadams/wh:

plan
research
implement

When you are finished, use the **ls** command to verify the creation of the directories.

Complete this lab as follows:

1. At the prompt, type **mkdir wh** and press **Enter**.
2. Type **mkdir wh/plan** and press **Enter**.
3. Type **mkdir wh/research** and press **Enter**.
4. Type **mkdir wh/implement** and press **Enter**.
5. Type **ls -l /home/wadams/wh** and press **Enter** to verify the creation of the directories.
